

## Just Friends? (Silhouette Special Edition)

He was the most infuriating man. But on television it was a different story. There, Evan Taggart came off as handsome. Confident. Single. A state the reality show played up a little more than producer Leandra Clay planned. All too soon women with the same thought in mind--marriage!--started invading their small town in droves. So now it was payback time. Evans ultimatum to Leandra--masquerade as his fiancée or he was walking (and her career in television was toast). The choice seemed easy at the time. But this Evan didn't act like the childhood friend Leandra remembered. Who knew he could kiss like that? Or that his slightest touch could set her skin on fire? Just friends? Stay tuned.
