

Reflective Vengeance [The Bitter Sweet End Run]

In the seemingly never ending war on terrorists there was no telling what the next day would bring. Even with all of their advanced technology those leading the fight still needed luck on their side. Powerful individuals with their own greed motivated agendas were almost as dangerous as the insurgents, then fate intervened, with some cruel twists which tested the resolve of the commander leading the fight. Fate hadnt finished with him yet as things took some unexpected and unplanned twists.
