

## Two Ways: Washington Heights Drug Dealer Turns Around

Two Ways is the story of Bronx pastor Sal Sabino, once a notorious leader in the drug trade of upper Manhattan, now an aggressive soul winner who has led many of his former colleagues to Christ and has them actively doing the same. Pastor Sabino candidly opens his life to scrutiny. The plot is gripping and there are points at which it's hard to see how hope could have emerged at all from this life of ever-deepening despair, much of it brought on by willful persistence in violence and addiction. By the time the author tells of God's dramatic intervention, readers will have felt a little of what it was to struggle through life stuck in a web of evil in the world and sin in his own heart. The title is taken from the words of Jesus in Matthew 7:13 and 14: Broad is the way that leads to destruction and difficult is the way that leads to life. Being hailed as this generation's The Cross and the Switchblade. Two Ways is already in its third printing in the Spanish-language version Dos Caminos. (Editorial Vida).
