

## Arena of Antares

Never a man to leave something half done, Dray Prescott knew his task on the mysterious continent of Havilfar was far from completed. There were cruel conquerors to be overthrown, there was pursuit of the manhounds and their masters, and there was the dreaded arena. Could he survive the life of a gladiator against the killers and monsters of a spoiled queen -- while the Star Lords waited for his mission to continue? (73000 words)
