

Nocturnia (Murkmyre Saga)

NOCTURNIA - BOOK TWO in The Murkmyre Saga. A world where only the insane dare to tread. Prince Voltron Murkmyre is on the run (again). After his attempt to usurp his mothers throne fell into utter chaos, he and his dogsbody slave Plip must now avoid one million angry, unpaid Heklan warriors. The wrath of the Lady Tyrants (the bonkers Supreme Galactic Empress, the foul-smelling Queen of the Skanxian corsairs and Voltrons deranged sister Pestilencia) is also a matter of some concern. There is only one place in the entire galaxy left to hide - Nocturnia, a terrifying world of nightmarish beasts, where only the insane dare to tread ... Another silly, fast-paced space fantasy, starring the corrupt and irrepressible Prince Voltron Murkmyre. Nocturnia continues the cataclysmic events of Murkmyre - Book One in The Murkmyre Saga.
