

Cancer Check

A boy. A battle. A turtle. A journey. The following journal is an inspirational true story which illustrates a mother's point of view, a personal perspective of what day to day life is like with a son battling cancer and finding peace while living with it. On these pages it is the intent to hopefully enlighten you to a new start. A new beginning. Strength, courage, patience and perhaps insight are the sole reason for writing this journal. Cancer is a worldwide scare. Hopefully after reading this story, you may just find what we did. Faith. Hope. Dream. Belief. Joy. Peace.
