

8 Lessons in Military Leadership for Entrepreneurs

Robert Kiyosaki's new audiobook *8 Lessons in Military Leadership for Entrepreneurs* draws from his years at the Merchant Marine Academy at Kings Point and his service in the United States Marine Corps. With compelling stories and examples and an engaging way of comparing and contrasting two very different cultures and value systems, Robert shares the challenges he faced in transitioning to civilian life: where chain of command and team-over-self were once so black and white were muddy and distorted. Permission to speak freely, sir? Count on it. This is Robert Kiyosaki and he does just that, in the forthright and no-nonsense style that listeners have come to expect and appreciate. From Robert's perspective, military training shapes lives and supports entrepreneurship. The training, discipline, and leadership skills taught in the military can be leveraged for huge success in the civilian world of business. Highlights of *8 Lessons in Military Leadership for Entrepreneurs* include sections on Mission and Team, Discipline, Respect, Authority, Speed, the Power of Connectivity, Leaders as Teachers, and Sales and Leadership.
