

Putting It To The Test

She did it! Sweetly shy Carly Abrams, programmer extraordinaire, cheated on the sex survey. This way, shes guaranteed to be paired up with infuriating (but no less delectable man-thing) coworker Matt Jacobs on a new account. If shes caught, shell be neck-deep in pink slips. Unfortunately, working closely with Matt could land her in deeper--and much, much hotter--water....Turns out Matt and Carly couldnt be more suited for each other...sexually. And when Matt discovers that Carlys cute exterior conceals thoughts lusty enough to make a porn star blush, he can barely keep himself from pulling her into an empty office, locking the door and putting the sex surveys results to the test...but good!
