

French Twist

Following her white-hot debut novel, *Tropical Getaway*, Roxanne St. Claire captures the passion and intrigue of France in a dazzling romantic suspense adventure. Janine Coulter has just gotten her big chance to prove herself, managing a prestigious exhibit at the Palace of Versailles -- and Luc Tremont, the security specialist, is clearly trouble. He's making decisions without her, under-cutting her authority. He's also too smooth, too virile, too dangerously handsome, too...well...French! And Janine has the uneasy suspicion he's not all that he seems. Luc resolutely ignores the powerful sizzle of attraction he feels when he meets Janine -- the quintessential California girl with her blond hair, blue eyes, and legs that seem to go on forever. But when thieves steal priceless treasures from the exhibit, and Luc and Janine give chase across the lush Burgundy countryside, their forced intimacy ignites the passion both have tried to ignore. Luc wonders what will happen when Janine learns his true identity -- but with dangerous men pursuing them, they may not live to find out....
