

Dark Light (Ghost Hunters Series)

Everything is different underground. Just ask the residents of Harmony, a futuristic world where alien catacombs can lead you astray - and where psychic senses spark out-of-this-world passion... Reporter Sierra McIntyres stories on Crystal Citys ghost hunters - and their mysterious guild - have earned her tabloid a bit of respect. And theyve allowed her to clothe her dust-bunny companion, Elvis, in rock-and-roll style. It helps that she has mega-rez intuition to fall back on... Especially when she interviews Ghost Hunter Guild boss John Fontana about the disappearances of retired, homeless hunters. She doesnt want to trust the physically and psychically powerful man, but her senses - and Elvis - give her the green light. To uncover the conspiracy within his own organization, Fontana proposes...marriage. And though its purely a business arrangement, theres nothing pure about the attraction that sizzles between them...
