She had put her own life on hold to pay Ians way through medical school. She believed him when he told her that one day shed have everything she ever wanted--children, an education, a career of her own. What she got was overweight, out of shape--and dumped. To Find that Special LoveEmily needs to reclaim her life. Slimming down and starting up a chain of fitness centers, she is soon skyrocketing toward entrepreneurial success. . .and into relationships with two exciting new men.
