

Nowhere to Run: Not Without Risk//A Man to Die For (Harlequin Bestsellers)

Two timeless stories from the master of romantic suspense. *Not Without Risk* began as a days pleasure cruise on the crystal-clear waters of the Gulf of Mexico. But then Emily Marshall stumbled into a deadly maze of drug smuggling and murder and discovered that the only person who could help her was the man who had once torn her heart to shreds. A sudden and passionate interlude showed Jim Keegan the truth he'd been hiding from for so long. Now he knew exactly what he lost when he walked away from Emily and what he would lose forever if he couldn't save her. *A Man to Die For*: Carrie Brooks left her home, her job, her very existence, to run away with a murder suspect, a man whose only prior introduction to her was as her kidnapper. She has no reason at all to trust him. After all, he's the enemy; isn't he? Felipe Salazar's been in disguise for so long, he's not even sure who he is anymore. But he knows two things: he's innocent. And he's waited all his life for someone like Carrie.
