

Now You Know: Why Some Succeed and Others Fail Using the Same System (Made for Success Collection)

Take your sales strategy -- and your team -- to the highest possible level. -- Now You Know will transform the way you think about sales. Are you a sales achiever? Do you sometimes feel like you haven't quite figured it out? Are you performing at the highest levels in your personal and professional life? If not, get ready, because Now You Know is an audiobook that will move you from an average salesperson to a top 5 percent sales master! You can read and memorize all the pitches, scripts, and closing tips you want, but without applying these seven laws, you are destined for mediocrity at best. That may be a strong statement, but the top money earners in sales know it to be true. This is not a book about tactics. It's about the seven laws that, when applied within any sales system, will revolutionize your business and help you achieve the results you desire. Over the past decade, Ryan Chamberlin has trained some of the top sales people in the United States by teaching them these seven principles that only the top pros know. He calls them the Seven Laws of Sales. If you are not where you want to be in your life or your business, Now You Know is designed to take your sales strategy -- and your team -- to the highest possible level.
