

## Double Star

One minute, down-and-out actor Lorenzo Smythe is in a bar, drinking away his troubles. Then a space pilot buys him a drink, and the next thing Smythe knows, he's shanghaied to Mars. Smythe suddenly finds himself agreeing to the most difficult role of his career: impersonating an important politician who has been kidnapped. Peace with the Martians is at stake, and failure to pull off the act could result in interplanetary war. Smythe knows nothing of the issues concerning interplanetary trade and equal rights for aliens, but the handsome compensation is impossible to refuse. He soon realizes, however, that his masquerade could be permanent.
