

## Planet Hate (Outlanders)

Centuries beyond the aftermath of a shattered earth, the aeons-old manipulation of humanity has brought forth a new chrysalis of star-born domination. His name is Ullikummis, exiled scion of an embattled but brilliant and calculating inhuman race. Now, his influence and mind control has spread like a contagion, capturing innocent minds in a flood of cruel, false salvation as his tidal wave of power sweeps across the planet. With their headquarters destroyed and their greatest asset, archivist Brigid Baptiste, lost to the manipulation of the enemy, Kane and the elite Cerberus Rebels are losing the battle - but not yet the war. As Kane succumbs to incapacitating hallucinations, Brigid's dark avatar lays siege to the final piece of her Stone Gods plot: a very special child, who is the secret link to a ghastly pantheon of despotic rule.
