

Fiance at Her Fingertips

THE SINGLE GIRLS ALL-IN-ONE SOLUTION TO MATERNAL MEDDLING, FAMILIAL FIDDLING AND MANIACAL MATCHMAKING. Who are you seeing? Debra Daniels thinks she's found the answer to the age-old question women have been plagued with ever since Eve first said Why not? when Adam asked her on a stroll through the Garden. In need of a break from her matchmaking mother and a score of hellish blind dates, to her the do-it-yourself boyfriend-in-a-box kit is a gift from Above. Fiance at Your Fingertips: Touted as the single woman's best defense against pitying looks and speculative stares, it comes with everything the single-and-slightly-desperate woman needs to convince friends, family and coworkers that she has indeed found Mr. Right. And Lawyer Logan is definitely that. Tall, handsome and fictitious. Debra is going to have an absolute blast with her faux beau until he shows up on her doorstep, acting as if he has every right to be there and in her arms. Its Mystery Date meets I Love Lucy and where the real fun begins. This is one romance that's truly out of the box (Note: This book is part of the author's backlist, originally released in print in 2008 by Dorchester Publishing)
