

## Sleeping Arrangements

Chloe needs a holiday. She's sick of making wedding dresses, her partner Philip has troubles at work, and the whole family wants a break. Her wealthy friend Gerard has offered the loan of his luxury villa in Spain--perfect. Hugh is not a happy man. His immaculate wife Amanda seems more interested in her new kitchen than in him, and he works so hard to pay for it, he barely has time for his children. Maybe he'll have a chance to bond with them on holiday. His old friend Gerard has lent them a luxury villa in Spain--perfect. Both families arrive at the villa and realize the awful truth--Gerard has double-booked. What no one else realizes is that Chloe and Hugh have a history; and as tensions rise within the two families, old passions resurface. It seems that Gerard's accidental double booking may not be an accident after all...
