

Wicked (The Pack of St James)

In a quiet university town, amid the crumbling ruins of a mansion, ten aspiring writers devise a most unusual experiment. . .an experiment that goes chillingly, horrifyingly wrong. . .It begins when two of the wannabe authors challenge each other to the ultimate test of inspiration. They're Eve and Angela. They're both devastatingly beautiful. . .and devastatingly competitive. Now, a violent storm has plunged the house into darkness. The doors are locked. The phones are dead. And one writer's imagination is about to run wild. . .
