

Andrew Lost #18: With the Frogs (A Stepping Stone Book(TM))

ANDREW, JUDY, AND Thudd are still the size of insects. Andrew has invented special bug suits to protect them. But the suits won't help much when they get lost in a pond full of frogs that love to eat bugs! They come face-to-face with fierce larvae, giant waterbugs, diving beetles, and so-called moss animals that look like floating brains. Will Andrew, Judy, and Thudd find their way out of the pond . . . before they croak? Another exciting and fact-filled adventure sure to please kids, parents, teachers, and librarians alike! From the Trade Paperback edition.
