

The Adventurers: The Land of Neo Book 3 (Volume 3)

Told in the tradition of C. S. Lewis and George MacDonald's fairy tales, *THE ADVENTURERS* chronicles Ella, Caden, Amicus and their companions as they must once again work to save the Land of Neo. This time the threat takes them east to another land ruled by an evil prince who wants to destroy Neo and oppress it as he has his own country. Their success will depend on their trust and cooperation with each other and with complete confidence in Kosmeo. Will they be able to avert the coming disaster? -I thoroughly enjoyed the wonderful flow of this vibrant and imaginative story. The authors' descriptive words carried me to a world of kings, queens, fairy tale creatures, and adventure. I could imagine each character, as well as the colorful surroundings. It is fun to immerse myself in another world for awhile. I highly recommend this book to anyone who enjoys fantasy tales. (E. Mason)-Wow. Reardon writes with such incredible imagery ...good lessons are being taught: to be loyal, kind, and humble is far greater than being boastful, flashy and greedy. (D. Bowers)
