

Shadowing Shahna (Silhouette Intimate Moments)

Leaving Kier Remington had been hard, living without him even harder. Shahna Reeves never expected him to find her, never imagined he would even bother to look. Until he walked back into her life, long, lean and reminding her too well of things shed been trying to forget. Not a day passed that Kier hadn't thought about Shahna, ached for the feel of her in his arms. He told himself it was a simple interest in her well-being that motivated him, but now that he had her back in his life and the adorable baby he hadn't known existed he knew it was so much more.
