

Eleventh Commandment: Freedom Through Forgiveness

As a teen, Smith lost both of his parents within 19 days. He didn't realize the anger he would suppress in reaction to those losses and the depravation it would induce. Despite a stellar start at the U.S. Naval Academy, God had other plans for Smith; after giving him great insight into the realities of the spiritual and psychological scars life inflicts upon us God led him into the counseling ministry. Smith shares God's healing plan for each of us by using personal examples and scriptural insights. A perfect book for freeing yourself from the oppression of past hurts to become who God has dreamed you to become.
