

Lies That Bind: The House on Poppin Hill (Harlequin Superromance No. 1335)

Home isn't always as you remember it. Her foster mother's stroke brings April Jeffries back to Maraville, Mississippi, the town of her youth. It's a place of memories for her, good and bad. Memories that lead her to fulfill a long-standing dream of finding her biological parents. In her quest, she enlists the help of Jack Palmer, a journalist recovering from injuries sustained overseas. As April and Jack work to uncover the mystery of her past, they begin to grow close in ways they hadn't expected. But two failed marriages make her wary of another commitment. Then they discover a shocking secret about her birth parents—a secret that forces Jack and April to reconsider everything. Including their feelings for each other.
