

Broken: Fated Saga

Sometimes, playing with fire is the only way to save lives- Broken, Book Four in the Fated Saga Fantasy Series. After fleeing from the Goblin King, the Svoda step through a new magical portal only to make a gruesome discovery: a devastated and smoldering habitat with belongings strewn about and ruined. Just one thing is missing the people. An investigation commences and the Svoda are on high alert. The longer they stick around and more they discover, the more dangerous the situation becomes, once again throwing all their lives into peril. Tensions heighten between Meghan and Colin Jacoby, when she discovers that her brothers dream girl, Catrina, may just be the key to ending this new danger. She might even be the very threat causing it! Meghan must make a choice. Risk losing her brother, someone shes always looked after and protected, no matter what. Or risk the lives of hundreds, some of which have never accepted her as one of their own, some who have become like family. Loyalties will be tested. Courage, both won and lost. Hard lessons will be learned, the consequences, severe.
