

## The Newlyweds (Logans Legacy)

Follow the investigation by a husband and wife team as true crime turns to true love. . . Known more for her work ethic than for her romantic history, FBI agent Bridget Logan landed an assignment that involved issues too close to home-and a husband as part of the sting. If Agent Samuel Jones weren't so sexy, Bridget would have had no problem handling this case. But he was, and for the first time in her career, Bridget had trouble keeping a cool head under fire. A lot was at stake, though, and Bridget was determined to solve this case and move on, no harm done. But then her husband made love to her. . .and suddenly their role as a devoted couple transformed into a passion over which neither had control!
