

Stay with Me (Wait for You)

Another outstanding New Adult novel from the bestselling author of the New York Times bestseller *Wait for You*. Not all scars are visible on the surface. Calla Fritz is used to hiding the scar that she believes mars her beautiful face, hiding the burns that cover so much of the rest of her body, hiding her past and her family secrets from her new college friends. But when her mother clears out her bank account and disappears, Calla is forced to return home and face up to a life she'd rather forget about. What she didn't count on was meeting the one guy who seems to be able to see past her defenses. Jackson James, known as Jax, is beyond smokin' hot and Calla can't quite hide her feelings for a man who knows that beauty isn't only skin deep. But with some dangerous characters looking for her mother's men who are perfectly happy to punish Calla for her mother's sins if she doesn't turn up soon, Calla and Jax have more troubling things to think about than the searing heat between them.
