

The End Of The Rainbow (Best of Betty Neels)

Olympias overbearing aunt treated her horribly, until attractive Dutchman Waldo van der Graaf quite literally rescued her. He suggested that she exchange her life of drudgery for the role of his wife. Since Waldo needed someone to look after his small daughter and run his home it would, he said, be a marriage of convenience. Olympia was thankful and accepted his proposal, but found she had exchanged one set of problems for another. The child refused to accept her, and then Olympia fell in love with her husband! Reissue.
