The Golden Kingdom: Z

When enormous, golden Domes appear on every major continent, families are left cowering from the nightmares they unleash, as society teeters on the precipice of collapse. Z is the first installment in the science fiction action thriller series The Golden Kingdom. A tale of understanding what it is to be a hero and how fine a line it is to be villain. With one great stride into a larger universe, Z sets out to take the world we know and open it up to an adventure we could never imagine.
