

Royal Protocol (Silhouette Special Edition #1471: Crown And Glory#3)

Accomplished Admiral Harrison Montequede deemed lady-in-waiting Gwendolyn Corbin an ice maiden. Until the two worked closely to search for a missing prince and her warmth began to melt his hard-edged heart. However, the eye-catching admiral feared that the tender beauty would want more than one night of passion. Raised to fight for his country and as the handsome head of the Royal Navy, Harrison had a protocol to follow--dont get involved emotionally. But rules were made to be broken, and the strapping soldier slowly discovered that while he could lead an army into battle, Gwendolyn's grace and grandeur only made him want to surrender his soul to her.
