

Tall, Dark and Lethal (Mills & Boon Intrigue)

With only seconds to spare, Cade Palmer had rescued feisty Bailey Preston from the grenade that demolished her home. The sexy ex-soldier had no doubt the explosion was payback for his own dangerous past in special ops, but before long, Cade realized Bailey was the true target thanks to her connection to some very powerful, and very deadly, weapons. Now, to protect her from the assassins, Cade was taking Bailey on the run. He knew she hated relying on anyone to keep her safe, but as a trained-to-kill soldier, Cade wasn't about to let the enemies get their hands on her. That was his job.
