

Blood Seduction (Indigo: Sensuous Love Stories)

The Vampire Nation goes to war with the United States military. Caught in the crossfire is Major Ursula Carlson, whose attempt to change the military's perspective on the use of vampires in military operations is largely ignored. Since the military feels they can't trust the vampires, they intend to destroy them. Denied a promotion to head an elite force, Ursula is on the run for attempting to stop the slaughter. Solomon and a handful of vampires, along with Ursula, are the only ones standing between the human race and the vampire nation.
