

Sweet Tea at Sunrise (A Sweet Magnolia Novel)

Sarah Price returns to her hometown after a bitter divorce and takes a job as a waitress. Her uppity ex Walter is disgusted that she would reduce herself to such a lowly position, but she wants to make her own way. She catches the eye of Travis McDonald, cousin to the town manager, who wants to set his own roots in the community. After he buys a radio station with plans to broadcast locally, he has the whole town speculating what his plans are (and the various scenarios are the funniest parts of the book). He woos Sarah from her waitress job and soon has her swooning, but his shady past as a ladies man keep the ever self-conscious Sarah from taking the leap of faith. It is up to Travis to prove he has changed.
