

Dancing On Snowflakes (U)

Chaperoned at every turn, Katya OBarrys horizons have been limited. So when her exasperated parents pack her off to her uncles house in Stockholm in the spring of 1899, they have no idea what mischief their decision will cause. Katya sets out to experience the whole of life, from the fairytale castle of Valholm, hereditary seat of a dashing young count, to the wretched tenements of the poor. Along the way she learns important lessons - about independence, responsibility and love.
