

## Key Out of Time

Time Agents Ross Murdock and Gordon Ashe, aided by a Polynesian girl and her team of telepathic dolphins, probe the mystery of the sea-planet men have named Hawaika. Its cities and civilizations have vanished but our agents are snatched back through a Time Gate and marooned in the midst of the struggle for power that must have destroyed the planet. The richness which Andre Norton lavishes on her portraits of the wonder-worlds of the universe, the subtle warmth of the empathic relations she portrays between men and mutated animals, and above all the mysteries she suggests and half-reveals - these, in the worlds of another book, are stories, O my brothers!
