

## Take Me Two Times (Signet Eclipse)

New to the art recovery world, agent Gwen Davies takes on her very first 'repo' assignment: restoring a solid gold, bejeweled Venetian mask to its rightful owner. But she's mortified to find that she's stolen back a fake and worse yet, the client is her ex, Quinn Lawson. Both are forced to team up in order to find the real mask, leading them to the twisting canals of old Venice—and also in harm's way because of a centuries-old curse. Someone seems to want this mask even more than they do, and the growing danger forces them closer together than they ever expected to be again.
