

Intentions (I Found My Heart in San Francisco, Book Nine)

New Book - Intentions is the ninth installment of the twenty-six book serial novel I Found My Heart in San Francisco. In this book, Jamie tries to acclimate to her changing relationship with her father, Jim. Despite his promise to honor and respect her and Ryans relationship, she has her doubts-both about his sincerity and his ability to follow through. It certainly seems that hes trying, though, and that means the world to her. Ryans even more suspicious of Jim, but she has good reason to be. She doesnt have the same familial bond that Jamie has, and shes seen a side of him that Jamies never personally faced. Catherine has seen her husband at his worst, and years of apathy are starting to fade away, replaced with an anger shes never expressed to Jim. She has to contend with these unpleasant feelings while trying to maintain a civil atmosphere for Jamies sake. It proves to be harder than she would have guessed Meanwhile Jordan and Mia have been making sparks with their flirting and late-night make out sessions. The issue is whether Mia can be, or even wants to be, in a relationship with a woman. She can clearly play the game, but its not clear Jordan views this as a game. Still, their sparks could easily start a romantic flame.
