

The Ride of A Lifetime: Doing Business the Orange County Choppers Way (Your Coach in a Box)

Since founding Orange County Choppers in Upstate New York in 1999, Teutul has grown the business from a hobby into a 70-person-plus operation that produces and sells 150 custom bikes a year at retail prices starting at \$30,000 and quickly escalating to six figures. Teutul and his team not only sell their choppers from their world headquarters in Newburgh, New York, but throughout a multi-country dealership network in the US and abroad. Paul and his sons build the best one-of-a-kind choppers in the world with unrivaled passion, creativity, and honesty. In *The Ride of a Lifetime*, Teutul elucidates the business principles that have made Orange County Choppers a household name. His smart commonsense business wisdom works for businesses both big and small in any industry. Here, listeners will learn firsthand how Teutul built a uniquely successful business by working hard and demanding it from others; encouraging and embracing unfettered creativity; establishing well-defined roles for every team member and demanding they support each other; and using honest conflict and confrontation to solve problems and constantly innovate. *The Ride of a Lifetime* is a smart, tough-as-nails guide to business success that every entrepreneur should hear.
