

Cue Ball Christianity

If you have ever picked up the Bible for even a moment, you have recognized the power of men and women who lived several thousand years ago. How their lives still speak today while millions upon millions have gone to the grave without even a memory of who they were or what they have done. Why are the men and women of the Bible still being talked about thousands of years later? Why are their lives still teaching us today? They had one incredibly simple, yet unique quality about their lives; they had an absolute certainty in the almighty God! They were ordinary people, yet extraordinary in their faith. They were unwavering in their belief and incredibly confident in their God. This same faith is available to us today, a faith that can speak from generation to generation, and a faith that will inspire our children's children. Thank you for taking the time to uncover this great and glorious mystery with me and allowing me to share my faith with you!
