

The Magic of Thinking Big

Schwartz presents a carefully designed program for getting the most out of your marriage, job, family life, & community. He proves that one doesn't need to be innately talented or be an intellectual to attain great success, but that you do need to learn & understand the habit of thinking & behaving in ways that will get you there. Those secrets are: 1) believe you can succeed and you will, 2) cure yourself of the fear of failure, 3) build confidence & destroy fear, 4) think & dream creatively, 5) believe you are what you think you are, 6) make your attitudes your allies, 7) learn how to think positively, 8) turn defeat into victory, 9) use goals to help you grow, & 10) think like a leader.
