

Discovering Your Essence Path Book One: Your Essence Path And Other Quintessential Phenomena: A Handbook To Higher Levels Of Spiritual Guidance

Almost a decade of telepathic work communicating with a group of Master Guides collectively identified as Samuel has led to the breakthrough spiritual and metaphysical information compiled in this two book series, DISCOVERING YOUR ESSENCE PATH. Book One in the series, Your Essence Path and Other Quintessential Phenomena, begins your journey to a higher level of guidance and a new understanding of your Essence, or Higher Self. This book explores the multi-dimensional nature of your Souls journey and the truth about higher guidance in the 3rd dimension. Book One also examines how dreams and the astral state contribute to the creation of your reality, how the energies of fear or trust in the universe influence your vibrational signature as well as your health and well being, and the many reasons why increasing your vibrational resonance through evolving your consciousness is particularly important as we move into the 21st Century and beyond.
