

Who Needs Mistletoe?

Pilot Sophie Madigan practically drools when her last-minute client walks in on Christmas Eve. Wealthy Trey Shelton III has bedroom eyes, a wicked grin and a body to die for! Sophie can't think of any Christmas gift she'd enjoy more until they're forced to make a crash landing. Finding himself on a deserted Pacific island isn't exactly the Christmas Eve Trey had in mind. At least, until he and Sophie leave their inhibitions and their clothes behind. It should have been nothing more than a holiday fling island-style. Too bad nobody told either of them.
