

Staying Dead (Retrievers, Book 1)

Manhattans night life just got weirder... It starts as a simple job but simple jobs, when youre dealing with the magical world, often end up anything but. As a Retriever, Wren Valere specializes in finding things gone missing and then bringing them back, no questions asked. Normally her job is stimulating, challenging and only a little bit dangerous. But every once in a while... Case in point: A cornerstone containing a spell is stolen and theres a magical complication. (Isnt there always?) Wrens unique abilities arent enough to lay this particular case to rest, so she turns to some friends: a demon (minor), a mage who has lost his mind, and a few others, including Sergei, her business partner (and maybe a bit more?). Sometimes what a woman has to do to get the job done is enough to give even Wren nightmares....
