

Low Red Moon

Avery witnessed her parents death-but as much as she wants to remember who killed them, her mind is a blank. Then Avery meets Ben, mysterious and beautiful, with whom she feels an intense connection. When Ben reveals hes a werewolf, Avery still trusts him-until she learns that he, too, cant remember the night her parents died. This must-read for teen paranormal fans combines the breathless romance of Twilight with a moving tale of loss-and a compelling mystery to boot.
