

Trust Me

When Desdemona Wainwright tries to collect a much-needed payment for catering Sam Starks canceled wedding reception, she encounters not a heartbroken suitor, but the steel-willed head of a multimillion-dollar consulting firm with the cold brain of a computer -- and the finely hewn body of a medieval knight. Sam sees a beautiful, theatrical hoyden with huge turquoise eyes who has the right professional catering skills he needs for his business. Opposites attract, and before long, hes sure hes found the perfect business wife; but Desdemona intends to break down the walls around his heart. When someone tries to steal his top-secret computer program, suspicions center on the people Desdemona holds most dear. As sinister intrigues swirl around them all, this unlikely pair discover that their love and even their lives may depend on emotions and bonds that cant be measured -- like unstoppable passion and unbreakable trust. Filled with fabulous fun, tingling suspense, and a wonderful new love story, Trust Me is great entertainment.
