

## The Surgeons Surprise Twins

Even though she's always wanted her own family, Bailey Wayne is happy to be a surrogate mom. She knows one day she'll find her perfect man and until then, what greater gift could she give to her sister? Make that gift Bailey's just found out she's having twins. Dr. Owen Tartikoff, the new head of the Safe Harbor fertility program, is cool and professional with his colleagues. But he has a soft spot for a certain pregnant nurse, and the miracles growing inside her. What she doesn't know yet is Owen is the actual sperm donor and those are his children. Owen has a reputation to protect. He also knows Bailey deserves to know the truth. And with Bailey's sister and brother-in-law in serious trouble with the law, Owen and Bailey have to decide what's right in this decidedly complicated situation!
